

# CATARINA PESTANA

FULLSTACK DEVELOPER

I'm Catarina, a Full Stack Developer with a passion for coding. Originally pursuing a Master's in Environmental Engineering, I discovered programming and shifted my focus. After completing a 26-week intensive Full Stack course, I've gained experience in HTML, CSS, JavaScript, Java, Node.js, database management, and testing. I can't wait to apply my skills, take on real-world challenges, and keep growing as a developer! Let's build something amazing together!
